A great proportion of entrants and dis-

ciples affecting those advancing in life occur to those having some deficiency in the construction of the eyes—the many years of "Eye Strain" owing to sedentary forms of disease. Glasses specially adapted to youth to those requiring them save and preserve the sight.

Constantly recurring headaches, spells of dimness when reading, weak eyes, the lenses running together; any of these symptoms indicate a deficiency in the form of the eye requiring Glasses only to correct and cure.

Mr. LAZARUS supplies his SPECIMES only after testing the sight.

THE MOHAMMEDAN MISSION TO CHINA.

APPLIED TO THE CHINA MAIL.

"We were looked at with suspicion by several missionaries who were our fellow-passengers on board the ship which brought us over," said his Excellency Evaro Pacha, head of the Mohammedan mission to China, "and marked personal, and now staying with his wife Madame Evaro Pacha and the other members of the mission, Captain Nazani Bey, two priests, Mustafa Esfandi and Tahar Esfandi and two soldiers at the Hotel des Colonies.

"They evidently believed in the dark rumours circulated in the newspapers as to the object of the mission," queried the *New China Daily News* representative.

"Yes," said Evaro Pacha, "very probably they did." And then with a smile, "Those rumours were very funny indeed, very foolish, and some people put faith in them and others did not, but we were going to stir up more excesses in China."

There is very little to state with regard to the mission of Mohammedans from Turkey to their co-religionists in China. According to Evaro Pacha the mission, although composed of Turkish Mohammedans, was sent to this land with the consent and approval of all the European Powers, and is therefore of an international character. The people of Turkey are not interested in it, and the Sultan was first approached by the Powers with a view to gaining his consent to its formation and dispatch.</
